"Silver" Convention of Pa. Council of Republican Women To Be Held

HARRISBURG, Nov. 10 — The first stirring call to mobilize for the Presidential campaign in '48 will sound in the Keystone State for 1,500 women leaders of the GOP when they meet here on November 11th, 12th and 13th for the 25th "Silver Anniversary Convention" of the Pennsylvania Council of Republican Women.

One of the largest and most significant gatherings in the Council's history, the sessions represent the only State-wide convention of key women from some 400 member Councils in 50 per cent of the counties in advance of the national election.

Called in the wake of state elections marked by the record number of GOP women candidates who ran for high offices, the meetings in the Penn Harris Hotel and the Forum of the State Education Building will bring top flight political leaders from Washington and elsewhere to augment a speakers list headed by Pennsylvania's U. S. At-large elected to the crucial issue of "host city" for the national GOP convention in June, the women delegates will be given a "pre-view" of its plans by the Honorable Walter Hallahan, National Committee Chairman from West Virginia and Chairman of Arrangements for the National Convention in Philadelphia.

Other guest speakers include Mrs. Robert W. Macaulay, Iowa, Assistant chairman, Republican National Committee; Mrs. Addison B. Green, Holyoke, Massachusetts, president of the National Federation of Women's Republican Clubs and Senator Irwin W. Ives of New York.

To depict "State Government in Action" at the Wednesday night session, Governor Duffy will call upon four of his Cabinet members—Admiral M. F. Dracem, Secretary of Forests and Waters; Secretary of Welfare, Charles R. Barber, Dr. Francis B. Haas, Superintendent of Public Instruction and Secretary of Highways, Ray F. Smock. Presiding will be Mrs. Edna R. Carroll, Philadelphia, vice-chairman of the Republican State Committee of Pennsylvania.

A "Youth Forum" scheduled Wednesday afternoon, will present the views of five young Republicans headed by 37-year-old Franklin H. Lichtenwalter, Congressman from Bucks and Lehigh District. Speakers will be Stanley R. Tarr, Philadelphia, Mary Pennell, Milford, William W. Scranton, Scranton, and Ralph Becker, Washington, D. C. Conducting the program will be Miss Ann Owlett, Wellsboro, Chairman of the Council's Junior Republican Committee.

At a pre-convention dinner Tuesday night, two visiting "career women" will contribute to a panel of "private confessions"—The Honorable Frances B. Redick, Hartford, Secretary of State for Connecticut, and Suzanne Silvercrup Stevenson of Norwalk, Connecticut, a well-known sculptress, who will select a model from the audience and demonstrate her art. The third speaker will be Mrs. Helen S. Myers, Birdsboro, a housewife. Conducting the session will be Mrs. Hannah M. Durham, Allentown.

Asks 597 Million to Aid Hungry in 3 Countries

Washington—Secretary of State Marshall asked Congress today for 597 million dollars to stave off starvation and preserve freedom in Austria, Italy and France this winter.

Marshall, appearing at a joint session of Congressional foreign policy committees to seek stop gap aid pending operation of the long-range recovery program, struck out bitterly at Soviet Russia.

He placed blame for much of Europe's dire plight on Russia. He accused the Soviets of dominating countries refusing to join in the Marshall plan.

The cabinet member asserted that developments in those countries "bear the unmistakable imprint of an alien hand." He emphasized that the Allies have worked energetically for European recovery and added: "It is now clear that only one power, the Soviet Union, does not for its own reasons, share this aim."

Marshall defined the present division in Europe as along that line which separated the Anglo-American and Russian armies when the war ended.

The Secretary of State in presenting his plea for winter help to Western Europe promised early recommendations on aid for the Nationalist Government of China.

Expresses Grave Concern Over Greece
Washington—President Truman told Congress today that Greece's economic plight has not improved during the past year despite Congressional appropriation of 200 million dollars of emergency aid aimed at saving that country from falling into the hands of Communists.

The Chief Executive expressed "grave concern" over what he termed "underlying causes of economic and political unrest" in Greece.

Mr. Truman gave Congress a report on what has been done through Sept. 30, in America's program of emergency aid for both Greece and Turkey, which totals 400 million dollars. The report was the first issued since Congress took emergency action last spring to aid those two countries.

While the President did not say so specifically, his report indicated that it probably will be necessary to ask Congress for additional funds to restore both Greece and Turkey to economical soundness.

ARMISTICE DAY

Two minutes of silence at 11. As a long, bloody conflict came to its sudden end 29 years ago, doctors in a military hospital in a little German town studied the case of a shell-shocked corporal and debated whether to send him to a mental institution. They finally released the melancholy corporal as fit, and Adolf Hitler walked out into the gloomy day.

Two minutes of silence at 11. Then the big bells of Verdun cathedral leapt to life to chime out the tidings. American doughboys, led by a drum corps, entered the streets of this town whose name still is the synonym for deathless heroism. Buglers from a French regiment joined them.

A formless, delirious procession it came to be, joined by the townspeople and by poilus from the hospital who had hobbled out, bringing with them comrades whose faces had been almost shot away.

What was happening in Verdun was reflected in the bonfires of joy that lit the stilled guns of all the long battlefield and was typical of a universal reaction to celebrate the like of which the world has never beheld before or since.

The sons of the doughboys became the G. I.'s who had to march away to win another and greater war 23 years later.

Two minutes of silence at 11. It is Armistice Day, 1947. No longer an occasion of celebration, it still is a day of unforgettable observance and deepest significance. It is the one anniversary that has emerged from both world wars which still brings most poignantly to the hearts of humble men everywhere the memory and the hope of the deep longing for an assured peace.

The statements of the world again are at their council tables. Will they fail a second time?

WANTED: NURSES

Over the centuries, nursing has evolved into a great profession because of three very diverse influences.

The first reason was religion, which in the early days of Christianity induced women to take up the care of the sick as a charitable duty. Then it was warfare—the Crimean War, the Civil War and the first World War—that gave nursing a tremendous impetus. And then it was science, with the rush of medical advancement over the last few decades, that revolutionized nursing into a great vocation.

There's an acute shortage of nurses everywhere in the nation. Why? Because there are more people and therefore more patients, because more people can afford treatment, because science has perfected new cures—and because not enough young women are entering the profession.

Here is an opportunity for girls to select a profession that serves humanity through medicine and science, and in which the standards of pay, working conditions and security give promise of continual improvement.

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol Mar. 18, 1897. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

The Methodist Church on last Sunday evening was the scene of quite a number of mishaps. A man in the congregation fainted, and the sermon was temporarily stopped. A lady's nose began bleeding and a small youngster capped the climax by falling out of one of the pews.

The large 400 horse power Corliss engine, manufactured by the Green Engine Company of Providence, R. I., used by Edward T. Steel & Co. in the manufacture of cloths and cassimeres at their mill, was very much damaged and broken last Friday morning at about 10 o'clock, by the connecting rod between the piston and the crank shaft bending, thereby shortening the stroke of the engine enough for the piston heads to knock out the cylinder heads and the breaking of the bearings of the main crank.

Quebec moves to improve French-Canadian cooking

Soupe aux pois, ragout porc frais and tourtiere are a great attraction to tourists visiting the Province of Quebec and should be given a featured spot on the menu whenever possible, hotelmen were told by Hon. Paul Beaulieu in opening the 16th annual course for Quebec's hotel managers and their staffs. This series of courses is held at La Sapiniere, Val David from Oct. 26 to Nov. 22.

The Minister of Trade and Commerce for the Quebec Government stressed the fact that tourists appreciate clean, comfortable rooms and French-Canadian cuisine when they visit in Quebec. High standards of courteous service always impress visitors favorably and make them want to return to the Province of Quebec year after year. — (Advertisement.)

in her report at the Wednesday morning session, will review the "Highlights of a Quarter-Century" in which the organization developed as the largest self-supporting Republican women's group in the country. Acknowledging her tribute will be the Council founder, Mrs. Barclay H. Warburton, Bryn Mawr, now Honorary President. It was during her term as first national Republican committee woman of Pennsylvania and as first woman vice-chairman of the State that Mrs. Warburton organized the Council in her Philadelphia home and with her co-founders, called the first Harrisburg convention in November, 1923.

At this opening session victorious Republican candidates will be introduced, among them Judge John S. Fine, elected Judge of the Superior Court of Pennsylvania and the only candidate for whom there was State-wide voting. Introducing successful women candidates will be Mrs. Sara G. Leffler, Lebanon, defeated majority candidate in her home city.

These sessions also will bring to the platform such notables as Mrs. Worthington Scranton, National Committee-woman from Pennsylvania; G. Mason Owlett, National Committeewoman from Pennsylvania and M. Harvey Taylor, chairman of the Republican State Committee of Pennsylvania.

On the glamorous side is the talk scheduled by Mademoiselle Avant, Hollywood stylist, while a poignant picture of conditions abroad will be presented by Mrs. Powell Crichton, Harrisburg, a Council member at large who returned recently from Europe. Another interesting address is scheduled by Miss Carolyn F. Stanley, Beverly, Massachusetts, Director of the Membership Department of the Women's Republican Club of Massachusetts.

Important business before the Bank Commissioner E. F. Gilkeson is spoken of as the possible successor of Superior Court Judge Willard, who contemplates resigning from the office at an early date.

It is the present intention of William Blackwood, the owner of Riverview Hall, to remodel the building and convert it into a dwelling.

Mr. and Mrs. Ciotti are spending a week in New York, N. Y. For the journey the bride wore a black dress, reversible green coat with leopard trim, green and black hat, black accessories, and the orchid from her bridal bouquet.

For the wedding, Mrs. Ciotti, mother of the bridegroom, chose a black crepe dress with peplum and trim of black sequins, black accessories, and wore a corsage of white roses.

How Parking Meter Funds Are Being Kept

STATE COLLEGE, Pa., Nov. 10—What happens to the penny, or the nickel, you drop into your parking meter?

According to a survey conducted by Charles F. LeeDecker, executive secretary of the Institute of Local Government at the Pennsylvania State College, slightly more than half of the 149 Pennsylvania communities having meters maintain special parking meter funds for the deposit of receipts.

Ninety-five communities, the survey indicated, transfer receipts to the general fund and therefore are not able to identify specific purposes for the expenditure of the parking meter receipts.

In 46 cities, however, the meter receipts were spent for traffic regulation, in 25 places on police activities, and in 8 municipalities, parts of the receipts were used for municipal parking lots.

During 1946, parking meters in

HEART TROUBLE

I am more than proud and glad to testify as to what Dr. Head has done for me. A few years ago he cured me of manifold trouble, after I had suffered intense pain. Then I had paralysis of the nerves in the left side of my head, he relieved that after a few treatments. Just a little over a year ago I went to him with a heart condition. He hesitated to tell me he could help me, but I have been working nine hours a day, five and one-half days a week for nine months, and I will be sixty-five years old in May. I am sure it is God performing miracles today thru his hands.

Pennsylvania brought \$1,851,000 to city treasuries. This amount represented an increase of 58 per cent over receipts for 1945. "It appears," LeeDecker says, "that after a temporary levelling off during the war, meter receipts are again resuming their upward trend and should easily exceed \$2,000,000 in 1947."

In 1946, the average receipts per meter ranged from \$8.31 in Carbondale to \$103.73 in Hanover. The average per meter for the State was \$61.37. The survey also showed the receipts per capita ranged from 12 cents in Carbondale to \$4.56 in Kittanning.

COMPARE THE CARS OF THE "BIG 4"

OF THESE, ONLY KAISER-FRAZER BUILDS POSTWAR CARS!

Prove It Yourself—

Inspect Them All!

Of the world's four largest automobile makers, only Kaiser-Frazer builds genuine postwar cars! The public wants the comfort, safety, styling, roominess and ride that only postwar engineering can achieve. It is this definite demand for something better that has made Kaiser-Frazer one of the "Big 4" in less than two short years. The Kaiser and the Frazer are so new, so different, so directly in line with popular preferences, that they are already the most widely-copied automobiles in the industry. So compare them all! You'll understand why Kaiser-Frazer has made such a spectacular success in so short a time!

Built in a 100%-Postwar Plant

Willow Run is the only 100%-postwar automobile plant! It produces four 100%-postwar cars—the Kaiser, the Frazer, the Kaiser Custom and the Frazer Manhattan. Take your choice—in the price range that best fits your pocketbook. Whichever you select, you may be sure, it is a thoroughly modern automobile—embodying all of the vast technical improvements of the war years. These cars need no changes to bring them up-to-date! Think this over before you invest in personal transportation you will want to use for years!

Economical Mass Production

Kaiser-Frazer cars really have no competition. Many other cars sell in the same price range. But they are not postwar cars. Every product of Willow Run is the result of engineering and design progress made since 1941! And these cars are produced economically. Kaiser-Frazer has, in two years, installed at Willow Run the finest, most efficient, precision mass production equipment available in the world. Much of it was never available before! Many processes have been newly developed by men whose production genius is famous the world around. It was this equipment and this genius that enabled Kaiser-Frazer to break all industry records for its first full year of production—by building more than 125,000 fine automobiles—and selling every one of them!

Investigate Before You Buy!

If you do not know the many important advantages of fully postwar automobiles, built in a fully postwar plant, read the important items in the box at the left! Here are definite, tangible advantages that mean something to every motor car owner. Then make up your mind to go to your nearest Kaiser-Frazer dealer and inspect and drive these cars before you buy any automobile. It's the only sensible thing to do!

Kaiser-Frazer cars are serviced with genuine factory parts—wherever you go—by one of the four largest automobile dealer organizations in the world.

SCOTT, MARGARET E.—In loving memory of my dear wife and our darling mother, who passed away Nov. 9, 1947.

You gentle face and patient smile. You had a kindly word for each. And died beloved by all.

The voice is mute and stilled the heart. And loved us well and true. Ah, bitter was the trial to part. From one so good and true.

You are not forgotten loved one. Nor will you ever be. As long as life and memory last. We will remember thee.

We miss you now, our hearts are sore. As time goes by we miss you more. Your loving smile, your gentle face. No one can fill your vacant place.

HUSBAND AND DAUGHTERS

TOCHTERMAN—In loving memory of our son Bill's 25th birthday, Nov. 11, 1947. Killed Jan. 20, 1947. Deep in our hearts lies a picture, more precious than gold, it's a picture of our dear son, whose memory will never grow old. He little thought when leaving home, he never would return. That he so soon in death would sleep, and leave us here to mourn. Quiet and unbroken was the call. His sudden death surprised us all. A change in a moment felt, that a chance to say farewell, God bless your precious memory. That lives in the depth of our souls. We left alone two broken hearts, that never, never will forget you. Darling Bill, But always, always I will hear you in my heart.

Don't worry, Mother, I'm okay. Please, dear God, let our Bill know how much we loved and miss him so. To your heavenly home, MOTHER AND DAD

TOCHTERMAN—In loving memory of our brother Bill's 25th birthday, Nov. 11, 1947. Killed Jan. 20, 1947. The moon and stars are shining, Upon a lonely grave. ST. ANN'S SCORES 7 TOUCHDOWNS AND WINS GAME

St. Ann's A. A. registered seven touchdowns yesterday afternoon on Leedom's field as it bowled over the Paulsboro Bears, 45-0, in a one-sided match. It was the sixth win of the season for the "Saints".

Included in the touchdowns were two scored by guards "Tom" Profy and "Bull" Crossan. Profy scored his on a kickoff, the ball rolling over the goal line but not beyond the end zone. As the ball was still "alive" when Profy fell on it, St. Ann's was awarded a touchdown.

Crossan made his touchdown on a blocked kick which rolled over the goal line where the diminutive guard fell on it for a score.

In addition to his touchdown, Profy made three of the extra point conversions on placement kicks.

The visiting Jersey team could do little with the Purple and Gold. It had but one first down, that coming in the first quarter when St. Ann's received a penalty. The closest the Paulsboro eleven came to scoring was in the second session when one of Fiorelli's kicks was blocked and recovered by Paulsboro on the 10-yard line. In four downs, the visitors failed to gain a yard, losing 10 yards on one play.

Offensively, St. Ann's was at its best. Despite a patched-up backfield, Coach DeRisi team clicked.

Large holes were opened in the line giving the backs fine opportunities to rack up yardage. "Bill" Marion tossed passes in baseball style and in two plays in the third quarter gained enough ground for a touchdown. Leo Fiorelli, although inexperienced in booting, got off several nice punts which "Jim" Spencer pounded the line for consistent gains.

Both Marion and Spencer had a pair of touchdowns each. Marion scored the first six-pointer of the game after Joe Iannucci recovered a fumble on the 20. Marion and Spencer alternated in carrying the ball to the one-yard where Marion went over. The try for the extra point, a pass, failed.

Shortly after the touchdown, the "Saints" made it 13-0 when "Howie" Keyes recovered a fumble on the two-yard line. Six players had their hands on the bouncing ball before Keyes flopped on it. Spencer took one lunge at the line and went over.

The "Saints" scored their touchdown in the second quarter of play. "Buck" Profy set up this play when he broke through the line and blocked Venby's punt. "Tony" Caione picked up the ball, but an injured leg prevented him from scoring as he was downed on the 10. Paulsboro held for downs and punted to the 35 but Marion tossed a pass to Myernich who was dropped on the 10. On the next play, Marion skied one to Keyes who crossed the goal-line.

Marion found an opening at left tackle to score the fourth touchdown after a drive from the 20-yard

line. Marion crossed from the 9-yard line. After Profy and Crossan made their scores, "Jim" Spencer made the final touchdown on a 15-yard run off tackle. Spencer eluded six Paulsboro players to make the score.

The "Saints" were headed for another score late in the game when Joe Myernich intercepted a pass on the 25-yard line and ran to the 5 before being spilled. The Jersey team held for downs and took possession.

The People Want Peace

They have shown fortitude and a capacity for sacrifice in time of war—but the people want a life free of uniforms and drums and destruction. If every American will fight as steadfastly for peace as he can for war, there will be no more of our sons' blood shed in battle.
